SUMMARY

Data Analyst with **1+ year** of hands-on experience in **Data Analytics, Business Intelligence, and dashboard development**, currently working as an Associate Data Analyst at WEChartered. Skilled in **SQL, Power BI, Python, Advanced Excel, Power Query, and DAX**, with experience analyzing **200K+ records**, automating dashboards, and building KPI and financial reports. Strong in **data cleaning, transformation, visualization, and business analysis**, with a focus on turning data into actionable insights and supporting data-driven decisions.

WORK EXPERIENCE

WeChartered Consultancy | Associate Data Analyst — **Jan 2026 - Present**

- Built **20+ interactive Power BI dashboards** for financial, KPI, and business performance reporting.
- Analyzed **200K+ records** using SQL, Python, Excel, and Power Query; performed data cleaning and EDA using Pandas and NumPy.
- Automated reporting and delivered actionable insights through KPI analysis and stakeholder collaboration to support data-driven decisions.

BEOM Ecommerce | Associate Data Analyst — **May 2025 - Nov 2025**

- Analyzed **200,000+ rows** of sales and customer data using Excel, identifying **10+ key performance** trends across platforms and product categories.
- Evaluated performance of **15+ Myntra** and Meta marketing campaigns, measuring ROI, conversion trends, and helping enhance marketing spend by **10–15%**.
- Executed data cleaning and transformation on **200K+ records**, improving data accuracy and consistency by **20%**.

Trainity | Data Analyst Intern — **Feb 2025 - Apr 2025**

- Conducted data analysis on **50,000+ records** using SQL and Excel, improving data integrity and supporting insight generation.
- Developed and optimized SQL queries, reducing data retrieval and aggregation time by **35%**.
- Utilized Excel automation **(Pivot Tables, advanced formulas, VBA)** to improve reporting efficiency by **20%**.

TECHNICAL SKILLS

Data Analytics: SQL, Excel, Power BI, Tableau, Python
Business Intelligence: Data Visualization, Dashboarding, KPI Tracking
Data Processing: ETL, Data Cleaning, Data Modeling

PROJECTS

Instagram User Analytics (SQL Project)

- Examined **1,50,000+ user activity records** using SQL to evaluate user engagement, content performance, and behavioral trends.
- Identified the top 5 most active users and key interaction patterns, contributing to strategies that improved user retention by **25%**.

Medical Cost Analysis (Excel Project)

- Conducted statistical analysis on **1,000+ healthcare records** using Excel to identify major cost drivers such as BMI, smoking status, age, and region.

Pizza Sales Insights (Power BI Project)

- Built an interactive Power BI dashboard analyzing **60,000+ sales transactions**, focusing on revenue trends, order volume, product performance, and customer behavior.

EDUCATION

Chitkara University (EY Partnership) — **2021 - 2024**

BBA in Business Analytics (CGPA: 9.6)
